Company Overview

JavierCode LLC is an owner-operated technology firm that designs, builds and runs production software for regulated work. We deliver web applications, text-to-speech and audio pipelines, and tax and financial systems, with direct senior involvement from kickoff to delivery.

Core Competencies

- Custom software & web applications: multitenant SaaS, secure portals and APIs (Next.js, TypeScript, PostgreSQL/Supabase, Vercel).
- Text-to-speech & audio production: neural TTS narration pipelines on Azure AI Speech, batch audio generation, SSML tuning and pronunciation control.
- Accessibility: audio-first content, WCAG-minded interfaces, bilingual English/Spanish delivery.
- IRS Modernized e-File (MeF): XML schema-driven return generation and transmission for individual and business returns.
- Financial services: bookkeeping, payroll processing and tax preparation for small organizations.

Past Performance & Projects

TaxGoing — taxgoing.com

Multitenant tax-preparation platform for professional preparers, built for IRS MeF e-file (Forms 1040, 1041, 1065, 1120-S, 1120); IRS Assurance Testing System (ATS) submissions completed, approval in progress.

USVoiceLab — usvoicelab.com

Text-to-speech narration platform built on Azure AI Speech: batch generation of narrated audio from text.

Commercial clients

Website design and development, bookkeeping and payroll services for small businesses in Idaho and Arizona.

Differentiators

- IRS Authorized e-file Provider and MeF software developer
- NACTP Vendor ID 2256
- Owner-led delivery: one accountable point of contact
- Low overhead, fast turnaround on pilots and prototypes
- Bilingual English / Spanish
